MEMORANDUM FOR: Mr. Norman Paul |
Legislative Counsel

I forgot to mention to you that at the Gridiron Dinner Saturday evening, I sat across the table from Senator Kuchel of California, and we had quite a talk, in the course of which I told him that if he ever had time to drop in for lunch with us I would like to tell him a bit about our work as I felt that some people in the Senate had an idea that we were trying to operate under a veil of secrecy even as far as the Senators were concerned -- which was not the case.

I suggest you get in touch with Senator Kuchel and arrange a lunch at our mutual convenience.
